

KAIROS – THE POWERS OF 10

Kairos: a perfect, delicate, crucial moment: a time when conditions are right for the accomplishment of a crucial action or decision.

We live in a rare moment. Many think: a moment that will change our society. In this rare semester, however, we have no campus, no work rooms and no cafeteria where we can meet and exchange ideas. So we create a weekly online meeting point and invite a guest to talk about their own important Kairos, which has led to what he / she is today.

10 guests, max 10 questions, 10 times: when, where, how, what and why did you zoom in? How did you become who you are now in design?

1-when? 2-where? 3-what? 4-on what? 5-which? 6-who? 7-why? 8-with whom? 9-what else? 10-how to continue now?

format:

in 2020 summer semester

- we invite an inspiring guest online for 10 evenings
- we ask them questions about their individual kairos in 30 minutes
- students can ask further questions until there are 10
- we have 30 minutes of online admission beforehand
- this is where IPP-ers can meet and chat
- everyone brings an object proposed by the guest
- every Monday evening at 17:30 (talk starts 18:00)

about the object:

- is determined by the speaker and fits his/her kairos
- gives visitors access to the conversation (send in a photo)
- gives visitors something to chat and exchange beforehand
- is fun
- makes online exhibition possible afterwards
